New Books

Gilbert Morris is a very popular author of many, many Christian books. We just obtained three of the books we needed to complete his series titles, *The House of Winslow*: THE FIERY RING (28), THE SHINING BADGE (31), THE SILENT HARP (33). We have 40 books in this series that covers many years, most of them historical fiction.

Another popular author is Lynn Austin, and we now have her UNTIL WE REACH HOME, a story of a journey of immigration to America from Sweden in the late 1800's. We have another excellent set of her books in *Chronicles of the Kings* series. If you haven't discovered her books, give them a try!

Hannah Alexander is a local author who lives in the Ozarks and whose books are set in the Ozarks as well. We have several of her novels, including HIDEAWAY, THE INHERITANCE, LAST RESORT, THE CRYSTAL CAVERN, and our newest, GRAVE RISK. As are most of her books, this one is a suspense-filled murder mystery.

We've also obtained HOSPICE STORIES by Ellen Mitchell, a book recommended to use as a helpful reference to those facing this difficult time.

The Noels donated WHAT IF . . . , a DVD in which a man needs to discover the value of faith and family as he finds his true purpose in life.

Celebrate the New Year with a book from our "outta sight" library. Try a new author!
